Publishing opportunity

ACTA OECONOMICA PRAGENSIA

Acta Oeconomica Pragensia is a peer-reviewed scientific journal of the Faculty of management, University of Economics, Prague.

The journal publishes results of applied economic research in English. It contains original peer-reviewed scientific papers applying both qualitative and quantitative methods of investigation, including contributions demonstrating possibilities of using exact methods to support decisions of different economic agents. In other sections, scientific communications, information from conferences and scholar meetings are published along with reviews of subject publications. There are no publishing fees and article processing charges. It is published four times a year.
