## Bachelor Programmes in English

### International Business

International Business programme (IBB) is a three-year, full-time bachelor's degree programme. Graduates of IBB have extended practical competences based on theoretical knowledge in the fields of international business and management. They are prepared to work in mid-level management positions in multinational corporations, international and national export companies, in retailing businesses as well as in financial and governmental institutions.

### International and Diplomatic Studies

Three-year, full-time bachelor's programme International Diplomatic Studies (IDS) covers the fields of international politics, international economy, international law, comparative politics, diplomatic history, as well as diplomatic theory and practice. A strong emphasis is placed on issues regarding the European Union, yet the programme includes a variety of optional courses on comparative politics and international relations in other parts of the world, too.

### Business Administration

The mission of the three-year, full-time Bachelor of Business Administration (BBA) degree programme is to inspire and to educate future business professionals focused on managing business performance and characterized with a broad economic overview, analytical thinking and social responsibility.

### Economics

Three-year, full-time bachelor's degree programme in Economics (ECON) is preparing highly qualified economists for positions in both the private and public spheres, both domestically and abroad. Students can study a wide spectrum of courses from various disciplines, such as economics, law, history and others.
