31. Most companies spend a rather large proportion of their budgets persuading us to buy their products, and it is
their executives who have to decide how to make consumers aware of brand new products. To do this,
they usually set up an advertising of some kind. Generally, a new product involves TV and radio
commercials, Internet advertising and there may also be large advertisements on 4 along motorways and major roads.
In the past, companies usually employed people to sell the product
popular technique which uses the telephone. Staff in large call-centres telephone potential $\frac{6}{2}$, tell them about the product and try to convince them that it is definitely worth buying.
Another technique is to the new product by post. The company sends colourful to every house
even though people have not asked for them. They are so unpopular that people started to call them mail
- and although they may contain free or discount vouchers, many people just put them straight into the rubbish bin!
1 a) marketing
2 a) campaign
(3) a) launching
(4) a) billboards
(5) a) in person
6 a) customers
7 a) promote
8 a) catalogues
9 a) junk
(10) a) samples
