MEMORANDUM OF UNDERSTANDING FOR EXCHANGE

Between

**SCHOOL OF ECONOMICS AND MANAGEMENT
TSINGHUA UNIVERSITY
(hereinafter referred to as "Tsinghua SEM")**

And

**University of Economics Prague
(hereinafter referred to as "VSE")**

1. This Memorandum documents the understanding between **Tsinghua SEM** and **VSE** concerning the exchange of 2 (two) students (undergraduate/graduate) between the two institutions (hereafter referred to as "the Program"). During each academic year, a maximum of 2 students per institution will be nominated for exchange. The total number of students may vary from year to year with the exact number to be determined by mutual agreement of both institutions. A definite number shall be agreed upon by the end of November of the year preceding the academic year in which the exchange is to take place. However, over a 3 year period from the start of the exchange, **Tsinghua SEM** and **VSE** will attempt to obtain parity in the number of students exchanged.
2. Where students are accepted, the "home institution" is the institution in which the student is originally enrolled. The "host institution" is the institution to which the exchange student is attached for the term of his/her exchange (hereafter referred to as "the Term"), the Term normally being no longer than one semester/trimester (as the case may be) in any case.
3. Students shall register full-time at the host institution while remain registered at the home institution throughout the period of the Program.
4. Each institution shall confirm which courses are available to incoming exchange students via its web pages or other method of delivery.
5. Exchange students will be permitted to enroll at the host institution in any course for which they are qualified, subject to prior approval from the home school and the internal registration procedures of the host school. Participating students will obtain credits for exchange coursework in accordance with the regulations or statutes of the home institution. At the end of a student's stay at the host institution, an official university transcript will be sent to the designated coordinator of the student's home institution showing the courses taken and the grades earned.
6. Each institution shall decide the criteria of admission and appropriate admission procedures. Student participants will have successfully completed at least one (1) full academic year(s) at the home institution prior to attending the host institution. The criteria may vary from year to year but have to be determined by mutual agreement of both institutions. The home institution will be responsible for screening and selecting students,

on the general basis of previous academic excellence for the Program, subject to acceptance by the host institution. Students must have a good command of the English language to qualify for nomination.

7. The institutions agree that a student of the home institution who is a national of the country of the host institution will not be eligible to participate in the exchange without the permission of the host institution. Such participation may not serve the objectives of the exchange.
8. Exchange students will pay tuition and other fees at their home institution. They will also pay for all personal expenses incurred at the host institution, including but not limited to housing, airfare, transportation, meal, health and books required. They will be exempted only from tuition fees at the host institution. The host institution shall not bear any financial responsibility for exchange students except as may be arranged any explicitly documented for specific cases.
9. All exchange students will be required to carry adequate health insurance and to provide proof to the host institution that their insurance will cover the costs of health care during the Term. While it shall be the primary responsibility of the student to secure housing, transportation, books, meals, and sufficient medical coverage for the Term, the host institution will assist the exchange student wherever possible in preparations for the Term and will provide routine ongoing administrative support throughout the exchange.
10. No monetary considerations will be exchanged between **Tsinghua SEM** and **VSE**, nor will be there any indemnities, reimbursements for expenses, or sharing of fees or profits arising from the Program.

13. Any dispute arising under the terms of this Memorandum of Understanding which can not be resolved by the institutions shall be referred to an independent mediator to be approved by both institutions.
14. Any amendment or modification to the present text shall be submitted for review to the competent authorities and shall not become binding unless reduced to writing and signed by both parties
15. This Agreement shall take effect when both parties have signed it and shall be valid for a period of three (3) years.
16. This Agreement may be renewable on the same terms and conditions for another three (3) years. Notification must be sent to the other party six (6) months prior to the expiration of the agreement, should termination or modification be necessary, otherwise the agreement will renew under the same terms.
